

NEW VENTURE CREATION

NQF QUALIFICATION

New Venture Creation is the instrument which will enable the informal business owner to progress to the next level: not only to earn a decent living, but also to become the employer of currently unemployed individuals. The future entrepreneur without a business will be able to establish a new venture after completion of this well

designed learning programme and mentoring phase. Africa Skills does not desire to train for the sake of training, but rather wishes to offer each learner the opportunity to gain **meaningful skills**. The skills will not only assist each individual to establish the venture, but also to gain purposeful life skills.
