Youth day and Youth Month Celebrations –
Request for Participation and Sponsorships

To whom it may concern

Youth month is almost on us, and to empower and nurture one of South Africa's greatest assets it is imperative to provide our youth, as our leaders of the future, with skills development and quality education options. Africa Skills, as one of the leading training providers in the region, is planning various events to celebrate our youth and provide them with the opportunities and information they require to make informed decisions about their future and education.

Africa Skills has taken the initiative to host an open day at our Training and Trade Test Centre in Thembalethu, together with activities such as health and wellness outreaches, host employer work place tours, one day skills programmes and a host of other exciting events during the month of June. Africa Skills already pledged a bursary in one of our apprenticeship programmes as an incentive, and we invite the greater George business and public sector community to join hands in supporting this initiative in partnership with us through one or more of the following possibilities:

- Monetary or product/services sponsorship contributions
- Consumables for the open day and other events, e.g. food and beverages
- Co-exhibiting products and services
- Branded hand-outs and gifts for the participating youth
- Media partnership options
- Prizes and gift vouchers for planned competitions

Please refer to the attached pledge sheet should you wish to partake in these celebrations and your company will be given media coverage on the event and afterwards in exchange for your involvement. We are in process to finalise the programme and events, and you are welcome to request a copy of the programme if you so require

Help us to create a better future for our youth and to Equip and Empower them to Excel in life.

Yours Truly
